ACTIVITIES AND ORGANISATION

For the year ended 31 December 2018

Médecins Sans Frontières (MSF) is an international, independent, medical humanitarian organisation. We deliver emergency aid to people affected by armed conflict, epidemics, natural disasters and exclusion from healthcare.

This report is presented along with the financial statements of the organisation for the year ended 31 December 2018. These financial statements are a means of transparency and accountability, illustrating the financial situation of the movement as a whole. They have been prepared in accordance with the accounting policies set out in Note 1.1 to the Financial Statements.

OBJECTIVES AND POLICIES

MSF offers humanitarian assistance to people based on need and irrespective of race, religion, gender or political affiliation. We work to save lives, alleviate suffering and restore dignity. Our actions are guided by medical ethics and the principles of neutrality and impartiality.

In order to be able to access and assist people in need, our operational policies must be scrupulously independent of governments, as well as religious and economic powers. We conduct our own assessments, manage our projects directly and monitor the impact of our assistance. We do not accept funds from governments or other parties who are directly involved in the conflicts to which MSF is responding. We rely on the generosity of private individuals for the majority of our funding.

In 2018, health professionals, logistics specialists and administrative staff of all nationalities carried out 7,866 field assignments, to support more than 39,500 locally hired staff working in medical programmes in over 70 countries.

MSF is constantly seeking to improve the quality, relevance and extent of its assistance, and is dedicated to the pursuit of innovation. The Access Campaign supports our field programmes by pushing for improved access to existing medicines, diagnostics and vaccines, and the development of better, more appropriate medicines. MSF also funds research into the development of drugs for neglected diseases.

ORGANISATIONAL STRUCTURE

MSF is a non-profit, self-governed organisation. Founded in Paris, France in 1971, MSF today is a worldwide movement of associations, with offices all over the world. Specialised organisations – called satellites – are in charge of specific activities such as humanitarian relief supplies, epidemiological and medical research studies, and research on humanitarian and social action.

In 2011 MSF's international governance structure was reformed. MSF International was registered in Switzerland and in December 2011 the first annual MSF International General Assembly (IGA) was held. In subsequent years, the IGA would be held in June. The IGA comprises two representatives of each MSF association, two representatives elected by the individual members of MSF International, and the International President. The IGA is the highest authority of MSF International and is responsible for safeguarding MSF's medical humanitarian mission, and providing strategic orientation to all MSF entities.

The International Board acts on behalf of and is accountable to the IGA. It is made up of representatives of MSF's operational directorates as well as a group elected by the IGA, and is chaired by the International President. The International Board prepares and presents the international combined Financial Statements to the IGA for approval.

ALL THOSE WORKING WITH MSF AGREE TO ABIDE BY THE PRINCIPLES OF THE CHARTER OF MSF AS FOLLOWS:

THE CHARTER OF MÉDECINS SANS FRONTIÈRES

Médecins Sans Frontières is a private international association. The association is made up mainly of doctors and health sector workers and is also open to all other professions that might help in achieving its aims. All of its members agree to honour the following principles:

Médecins Sans Frontières provides assistance to populations in distress, to victims of natural or man-made disasters and to victims of armed conflict. They do so irrespective of race, religion, creed or political convictions.

Médecins Sans Frontières observes neutrality and impartiality in the name of universal medical ethics and the right to humanitarian assistance and claims full and unhindered freedom in the exercise of its functions. Members undertake to respect their professional code of ethics and to maintain complete independence from all political, economic or religious powers.

As volunteers, members understand the risks and dangers of the missions they carry out and make no claim for themselves or their assigns for any form of compensation other than that which the association might be able to afford them.

FOREWORD

With tens of millions of people on the move around the world and millions more trapped in conflict, amid political forces that – deliberately or otherwise – block access to lifesaving aid, the scale of violence and suffering inflicted on civilians in 2018 remained appalling.

In 2018, Médecins Sans Frontières (MSF) was confronted with a barrage of cynical attacks and toxic narratives aimed at criminalising migrants and those showing solidarity towards them, undermining humanitarian action, international law and the very principles of humanity and solidarity. The most emblematic and brazen of these attacks put an end to the Aquarius' search and rescue operations on the Mediterranean, condemning ever more men, women and children to drown along the world's deadliest migration route. Whatever the reasons for leaving their countries of origin – whether they are fleeing violence, poverty, insecurity or the effects of climate change – people on the move have a right to protection and access to medical care, just as those who choose to stay or are unable to leave.

Whether it fits the political agenda or not, we will continue to offer all people in distress the most appropriate, effective medical assistance we can. Our teams conduct independent evaluations to determine medical needs and what relief we can bring, in consultation first and foremost with the people we seek to assist. As you will see in this report on our activities, community engagement and patient-centred models of care are already integral in many of our projects, but understanding how we can better work with our patients and their communities to define the most suitable models of care remains a priority for us all. This is the only way we will become truly accountable to the people we assist and remain fit for purpose in years to come.

We cannot talk about being accountable and 'people-centred' without also mentioning our efforts to tackle abuse and inappropriate behaviour within MSF and provide support to the victims. Grievance channels have been improved and we have seen an increase in the number of cases reported as a result, but given the size and scope of our organisation, we know there must be more. We must therefore do more – to improve our systems, to make them more widely accessible, and to ensure they are trusted and used by all our staff and patients, their caregivers and their communities.

Our social mission determines that our teams work in difficult, stressful situations, often in horrific circumstances, to provide lifesaving medical assistance to people who would otherwise be without. We are immensely grateful to the 43,000 staff in the field who spend their day-to-day lives assisting others. None of this work would be possible without the support of our 6.3 million donors. Thank you for your ongoing belief in our work.

Dr Joanne Liu International President

Chist/h lay

Christopher Lockyear Secretary General

YEAR IN REVIEW

By Marc Biot, Isabelle Defourny, Marcel Langenbach, Kenneth Lavelle, Bertrand Perrochet and Teresa Sancristoval, Directors of Operations

In 2018, Médecins Sans Frontières (MSF) teams provided medical and humanitarian assistance to people facing extreme hardship in over 70 countries. From treating war-wounded ever closer to frontlines in Yemen, to responding to epidemic outbreaks such as cholera in Niger, or providing assistance to people fleeing violence in CAR, emergency response continued to be a core part of our work.

As 2018 drew to a close, the Democratic Republic of Congo (DRC) was in the midst of its second Ebola outbreak of the year, its biggest ever. MSF was part of the response, led by the Ministry of Health. Although rapid and well-resourced, with teams having access to a promising new vaccine and several new drugs with the potential to better protect and treat people, the response, and those managing it, failed to adapt to people's priorities, and to gain the trust of the community. This lack of trust in the health services meant people delayed or avoided seeking treatment. By the end of the year, the epidemic in North Kivu and Ituri provinces had claimed more than 360 lives and in some areas was still not under control.

SEEKING CARE IN WAR ZONES

Early in the year, Syrian civilians and medical staff were caught in the violence in Idlib, in the northwest, and in East Ghouta, near the capital Damascus. In East Ghouta, the barrage was relentless in February and March, with waves of dead and injured arriving at MSF-supported hospitals and health posts. As the siege blocked incoming aid, medical staff had few medical supplies to work with. By the end of the offensive, 19 of the 20 hospitals and clinics we supported were destroyed or abandoned, leaving civilians with few options to seek medical help.

The war in Yemen, which has left the country and its healthcare system in ruins, entered its fourth year. The Emirati- and Saudi-led coalition continued to target civilian areas with airstrikes and bombings, including our new cholera treatment centre in Abs. The war is taking a heavy toll on people, who often must negotiate constantly changing frontlines to find care to tend to their war-wounds or their general medical needs. Yemen was the country where our teams treated the highest number of war-wounded in 2018, over 16,000 people. After a major offensive was launched in Hodeidah in June, doctors in our Aden hospital treated Hodeidah residents who had been driven for six hours, the majority of them in critical condition. At the end of the year, conflict intensified on several frontlines, leading to an influx of people with war-related injuries. We also treated more than 150 people wounded by mines planted by Houthi-led Ansar Allah troops around Mocha. Constant attacks on our staff and patients at facilities in Ad Dhale forced us to withdraw from the town in November.

THE CONSEQUENCES OF DETERRENCE AND DETAINMENT MIGRATION POLICIES

Since 2012, the number of MSF projects working with displaced people has more than doubled. Record numbers of people have left their homes in search of safety, but many only encounter more violence, abuse and exploitation along the way.

In trying to escape extreme levels of violence at home, people from the Northern Triangle of Central America – Guatemala, Honduras and El Salvador – are exposed to shocking brutality on their routes north through Mexico to the United States. This takes its toll, and we treat the mental, as well as the physical, injuries of people who are kidnapped, raped, tortured and exploited.

In the Mediterranean, those attempting to make the dangerous crossing from Libya are frequently intercepted by the Libyan coastguard. Funded by European governments, the coastguard is implementing the EU's policy of push-backs and deterrence. People who are picked up by the coastguard are returned to awful conditions in detention centres, where our access to them is severely restricted.

Across the world in 2018, countries reinforced borders in a bid to keep out migrants and refugees. Governments attempted to cover up the human cost of their harmful policies by demonising, threatening and ultimately blocking some of our efforts to bear witness and provide assistance. We were forced to end our search and rescue operations in the Central Mediterranean in early December after increasingly obstructive actions by European governments, particularly Italy, which shut its ports to migrant rescue boats, despite an estimated 2,297 people having drowned while attempting to flee Libya during the year. In October, the Nauruan government expelled our team with just 24 hours' notice, with no more explanation than that 'our services were no longer required'. Until then, we had been providing desperately needed mental healthcare to local people and asylum seekers held on Nauru as part of Australia's offshore detention policy.

TREATING VISIBLE AND INVISIBLE WOUNDS

From March, the Israeli army responded with brute force to the 'March of Return' protests in Gaza, firing on people and leaving thousands with horrific gunshot injuries, mostly to the legs. Our surgical teams were overwhelmed by the number of patients with severe and complex wounds; in 2018, teams in Palestine performed around 3,000 major surgical interventions, compared with 400 in 2017. Patients and medical staff now face the challenge of long-term rehabilitation and multiple surgical procedures, while trying to avoid the high risk of infection, in an enclave with limited resources due to the 11-year blockade.

In Central African Republic, a cycle of revenge and retaliatory violence escalated, particularly in Bangui and Bambari in April and May, and in Batangafo in November. Our teams provided surgical care to warwounded patients and were twice forced to activate mass-casualty plans in Bangui. However, fighting prevented us from reaching many of the injured people who had fled into the bush.

Our teams also addressed people's invisible wounds, running mental health services in 53 countries. In 2018, we released a number of reports that highlighted the grave mental health situation particularly for refugees and displaced people. They showed alarming rates of mental illness and thoughts of suicide among people stuck on Lesbos in Greece and on Nauru, and in camps in South Sudan. We ran group and individual counselling sessions for refugees in these countries, as well as in Mexico, Bangladesh and Liberia.

DISPLACED PEOPLE OUT OF THE SPOTLIGHT

In Ethiopia, ethnic violence, high insecurity, and a lack of support in their places of origin forced at least 1.4 million people to become internally displaced in multiple, simultaneous and massive displacement crises. Most people left their houses with close to nothing and needed food, shelter, water and psychosocial support. Our teams worked in camps in the country's south and west, where overcrowding and poor sanitation facilitated the spread of conditions such as diarrhoea and skin infections. The forced relocation of displaced people and the barriers to the impartial delivery of aid were constant dilemmas faced by humanitarian organisations. Ethiopia is also now host to the second-largest refugee population in Africa, mainly Eritreans, Somalians and South Sudanese.

In northeast Nigeria, nearly 2 million people have been displaced across Borno and Yobe states by the ongoing conflict. Rann town in Borno came under attack on 1 March – for the second time in just over a year – forcing us to temporarily suspend activities. We worked in 17 locations across the two states in 2018, where hundreds of thousands of people remain heavily dependent on aid for their survival, with hundreds of thousands more in areas inaccessible to humanitarian organisations.

MEDICAL ACHIEVEMENTS IMPROVE PATIENT CARE

In November, MSF's partner organisation Drugs for Neglected Diseases initiative (DNDi) received approval for fexinidazole, a sleeping sickness drug that is safer, easier to administer and more effective. MSF projects trialled fexinidazole, which is the first new chemical entity to be developed by DNDi.

Ninety-seven per cent of unsafe abortions and related deaths occur in Africa, Latin America and southern and western Asia, and over the last two years, a significant effort has been made to increase access to safe abortion care in MSF projects in these regions. In 2018, around 70 projects in 25 countries reported providing safe termination of pregnancy to over 11,000 women and girls who requested it.

Our continuous drive to improve the quality of diagnostics led us to invest in point-of-care ultrasound technology for the first time, and develop an algorithm that improves paediatric diagnostic capacity, which substantially decreases the use of antibiotics.

MSF's Access Campaign continues to advocate better access to key sofosbuvir-based drug combinations, used to treat hepatitis C. This enabled our teams to scale up and simplify treatment in a number of countries in 2018, including Cambodia, where we also introduced a simplified diagnosis process that has significantly reduced the time between screening and the start of the treatment.

Our work is not without its risks. Our teams provide care under the threat of detention, abduction and attack; our thoughts remain with Romy, Richard and Philippe, our colleagues abducted in DRC in July 2013 who remain missing.

TREASURER'S REPORT

COMBINED ACCOUNTS 2018

MSF is pleased to present its audited combined Financial Statements. The combined accounts represent an aggregation of the audited Financial Statements of the entities listed on page 18, comprising 21 sections, 7 branch offices, 11 satellite organisations and MSF International. The combined Financial Statements give a view of MSF's work internationally and are a means of providing transparency and accountability to all stakeholders.

INCOME

2018 saw a 2 per cent decrease in operating income compared with 2017, at 1,503 million euros (1,532 for 2017), due to an unfavourable political context for humanitarian activities in many western countries and lower levels of exceptional donations compared with 2017. The sale of the main office building of MSF in Paris generated an exceptional additional income of 33 million euros which was re-invested in new premises. Total operating and extraordinary income for the year was 1,536 million euros.

MSF's individual donor base has remained steady at 6.3 million individual donors who, together with private institutions, provided 95 per cent of MSF's income in 2018. Income from states and public and multilateral organisations continued to decrease and, at 21 million euros, now represents 1.3 per cent of total income, the remainder coming from exceptional and other sources (sales, financial investments, etc.).

EXPENDITURE

Total expenditure in 2018 was 1,608 million euros, a decrease of 8 million euros against 2017. The expenditure can be broken down into two main categories: social mission and other expenses. Social mission expenses represented 82 per cent of total expenditure (82.6 per cent in 2017), management and administration expenses represented 5 per cent (4.8 per cent in 2017). Fundraising expenses represented 13 per cent (12.6 per cent in 2017) as result of investment in new fundraising activities. The table below breaks down these categories further still:

		In millions of €
	2018	2017
Programmes	1,047	1,085
Programme support	210	190
Awareness-raising and Access Campaign	47	46
Other humanitarian activities	15	14
Total social mission	1,319	1,335
Fundraising	208	203
Management and general administration	81	78
Total other expenses	289	282
Total	1,608	1,616

PROGRAMME EXPENDITURE

Countries where we ran programmes with spending over 15 million euros in 2018 are listed below:

Haiti2541Kenya2425Sierra Leone1915Pakistan1723Chad1517	Lebanon	30	31
Kenya2425Sierra Leone1915Pakistan1723Chad1517	Jordan	26	30
Sierra Leone1915Pakistan1723Chad1517	Haiti	25	41
Pakistan 17 23 Chad 15 17	Kenya	24	25
Chad 15 17	Sierra Leone	19	15
	Pakistan	17	23
Myanmar 15 17	Chad	15	17
	Myanmar	15	17

Those countries listed separately above accounted for 71 per cent of MSF's 2018 programme expenditure (2017: 73 per cent, based on the 2017 list). The biggest increase was driven by MSF's response to the Rohingya refugee crisis in Bangladesh. MSF continued to be heavily involved in the Democratic Republic of Congo, South Sudan, Yemen, Central Africa Republic, Syria, Iraq and Nigeria, while our presence in Haiti decreased after the handover of medical structures to other organisations. Expenditure in each country of intervention is set out in more detail on pages 39 to 76 of this report.

RESULT FOR THE YEAR AND RESERVES POLICY

The result for 2018, after adjusting for exchange gains/losses, shows a deficit of 72 million euros (deficit of 104 million euros for 2017). MSF has a reserves policy, at an international level, of holding retained earnings and equity to cover working capital needs, buffer capital, investments and emergencies. The level of reserves as at 31 December 2018 equates to approximately 7.2 months of the year's activity (7.6 months for 2017).

Yvan Legris International Treasurer

AUDITORS' REPORT

Ernst & Young SA

59, route de Chancy 1213 Lancy-Geneva KPMG SA

111, rue de Lyon 1203 Geneva

Report of the Joint Independent Auditors to the Members of the MSF International General Assembly on the Combined Financial Statements of

Médecins Sans Frontières International, Geneva

As independent auditors we have been engaged to audit the accompanying combined financial statements of Médecins Sans Frontières International (the reporting entity, consisting of the entities set out in note 1.2 to the combined financial statements), on pages 11 to 37, which comprise the statement of financial position, the statement of financial activities, statement of changes in funds, statement of cash flows and notes for the year ended 31 December, 2018.

International Board's Responsibility for the Combined Financial Statements

The International Board is responsible for the preparation of these combined financial statements in accordance with the requirements of Swiss GAAP FER. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of combined financial statements that are free from material misstatement, whether due to fraud or error. The International Board is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Joint Auditors' Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audit. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the existence and effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the combined financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements for the year ended 31 December 2018 give a true and fair view of the financial position, the results of operations and the cash flows in accordance with Swiss GAAP FER.

Emphasis of Matter

We draw attention to Note 1 of the combined financial statements, which describes their basis of preparation. Our opinion is not modified in respect of this matter.

Funds represent the cumulative surpluses and deficits of current and previous years. They comprise:

- Restricted funds, which include permanently and temporarily restricted funds (see definition of restrictions in note 2.1). Permanently restricted funds, may be capital funds, where the assets are required by the donors to be invested or retained for long-term use, rather than expended short term, or they may be the minimum compulsory level of funds to be maintained in some countries. Temporarily restricted funds are funds that MSF will be allowed to use after the end of the contractual commitment.

- Unrestricted funds, which are unspent donor non-designated funds to be spent at the discretion of MSF's trustees to further MSF's social mission.

- Other organisational capital categories, which represent foundations' capital, and translation adjustments arising from the translation of entities' financial statements into euros.

NOTES TO THE FINAL AND CONTACT OF THE YEAR ENDED 31 DECEMBER 2018

1 BASIS OF REPORTING

1.1 BASIS OF PREPARATION

These Financial Statements are based on a combination. A combination aggregates the Financial Statements of several separate entities which are not inter-related by investments into a single group, whereas a consolidation collates different affiliates of a single parent entity in its Financial Statements. All entities are combined following the combination method outlined under 1.2. These Financial Statements were reviewed by the International Board on 22 May 2019 and presented for approval by the International General Assembly on 27 June 2019.

1.2 BASIS OF COMBINATION

Equity accumulation

Since the first combination of an entity does not result from the purchase of shares, combined orgnisational capital represents the aggregation of combined entities' capital. Investments between combined entities are eliminated against capital.

Initial measurement of the combined entities' assets and liabilities

Since the first combination of an entity does not result from the purchase of shares but from a pooling of economic interests, neither goodwill nor fair value adjustments exist. The assets and liabilities of each combined entity are initially measured at net book value, based on the Swiss Generally Accepted Accounting Principles and all transactions between entities have been eliminated.

Scope of combination

The following entities' results were included based on the specific method described in this disclosure:

MSF Argentina	Avenida Santa Fe 4559 C1425BHH, Ciudad de Buenos Aires, Argentina
MSF Australia	1–9 Glebe Point Road, Glebe NSW 2037, Australia
MSF Austria	Taborstraße 10 A-1020, Vienna, Austria
MSF Belgium	Rue de l'Arbre Bénit 46, 1050 Brussels, Belgium
MSF Brazil	Avenida Rio Branco, 135 - 11 Andar Centro CEP 20040-912 Rio de Janeiro, RJ Brazil
MSF Canada	551 Adelaide Street West, Toronto, Ontario M5V 0N8, Canada
MSF Czech Republic	Léka i bez hranic, o.p.s, Zenklova 2245/29, 180 00 Praha 8, Czech Republic
MSF Denmark	Strandlodsvej 44, 2, 2300 København S, Denmark
MSF France	8, rue Saint Sabin 75011 Paris France
MSF Germany	Am Köllnischen Park 1, 10179 Berlin, Germany
MSF Greece	15 Xenias St., 115 27 Athens, Greece
MSF Holland	Plantage Middenlaan 14, 1018 DD, Amsterdam, Netherlands
MSF Hong Kong	22/F Pacific Plaza, 410– 418 Des Voeux Road West, Sai Wan, Hong Kong
MSF India	AISF Building, 1st & 2nd Floor, Amar Colony, Lajpat Nagar IV, New Delhi 110024, India
MSF International	Rue de Lausanne 78, Case Postale 1016, CH-1211 Geneva 1, Switzerland
MSF Ireland	9–11 Upper Baggot Street, Dublin 4, Ireland
MSF Italy	Via Magenta 5, 00185 Rome, Italy
MSF Japan	Forecast Waseda FIRST 3F, 1-1 Babashita-cho, Shinjuku-ku, Tokyo 162-0045, Japan
MSF Logistique	3 Rue du Domaine de la Fontaine, 33700 Mérignac, France
MSF Luxembourg	68, rue de Gasperich L-1617, Luxembourg
MSF Mexico	56, Fernando Montes de Oca, Condesa, 06140 Ciudad de México, CDMX, Mexico
MSF Nairobi	3rd Floor, Pitman House, Jakaya Kikwete Road, Nairobi, Kenya
MSF Norway	Hausmannsgate 6, 0186 Oslo, Norway
MSF Supply	Chée de Vilvorde, Vilvoordsestweg 140, 1120 Neder-Over-Heembeek, Belgium
MSF South Africa	70 Fox Street,7th Floor, Marshalltown, Johannesburg, PO Box 61624, Marshalltown 2107
MSF South Korea	9th Floor, Apple-Tree Tower, 443, Teheran-ro, Gangnam-gu, Seoul 06158, Republic of Korea
MSF Spain	Nou de la Rambla, 26 08001 Barcelona, Spain
MSF Sweden	Fredsborgsgatan 24, 4 trappor, Box 47021, 100 74 Stockholm, Sweden
MSF Switzerland	Rue de Lausanne 78, Case Postale 1016, CH-1211 Geneva 1, Switzerland
MSF UK	Lower Ground Floor, Chancery Exchange, 10 Furnival Street, London, EC4A 1AB, UK
MSF USA	40 Rector Street, 16th Floor, New York, NY, 10006-1751
Ärzte Ohne Grenzen Foundation	Am Köllnischen Park 1, 10179 Berlin, Germany
Epicentre	8, rue Saint Sabin, 75011 Paris, France
Etat d'Urgence Production	8, rue Saint Sabin, 75011 Paris, France
Fondation MSF	8, rue Saint Sabin, 75011 Paris, France
Fondation MSF Belgique	Rue de l'Arbre Bénit 46, 1050 Brussels, Belgium
SCI MSF	8, rue Saint Sabin, 75011 Paris, France
SCI Sabin	8, rue Saint Sabin, 75011 Paris, France

MSF Nairobi was added to the combined reporting in 2018.

Subsequent measurement of the combined entities' assets and liabilities

After the first combination, capital gains or losses, provision allowances and reversals contribute to the combined surplus or deficit. Subsequent measurements of the assets and liabilities are booked, respectively, at the net book value less depreciation and impairment, and at par value. For further details, refer to the corresponding notes.

The combined Financial Statements comprise the:

- Statement of Financial Activities
- Statement of Financial Position
- Statement of Changes in Funds
- Statement of Cash Flows
- Notes to the Financial Statements

1.3 RELATED PARTIES

All the entities disclosed above are related parties, as well as the International Board members disclosed under Note 5.4.4.2 – Remuneration of International Directors and Managers.

1.4 BASIS OF PRESENTATION

The combined Financial Statements comply with the articles of the association MSF International, and with the Swiss Generally Accepted Accounting Principles (Swiss GAAP FER/RPC including Swiss GAAP FER/RPC 21).

The Financial Statements are presented in euros. They are prepared in accordance with the historical cost convention.

They were prepared and presented according to the principles of accruals, matching, going concern, consistency and prudence.

Figures are rounded to the nearest thousand and therefore may vary slightly from the amounts presented in other documents. Rounding differences may exist within summations.

1.5 CURRENCY CONVERSION

The individual Statements of Financial Position of the combined entities are translated into euros at the year-end rate.

The individual Statements of Financial Activities of the combined entities are translated at the average rate for the current year.

The translation reserve is recognised in the balance sheet and summarises the gains/losses resulting from varying exchange rates over the years. The main currency exchange rates compared to the euro are as follows:

	Closing rate			
	2018	2017	2018	2017

1.6 CHANGE IN ACCOUNTING POLICIES AND DISCLOSURES

The 2018 Financial Statements do not contain any changes in accounting policies compared with 2017.

1.7 FINANCIAL RISK MANAGEMENT

Due to the nature of its activities, MSF might be exposed to financial market risk - including foreign currency risk, interest rate risk, credit risk and liquidity risk.

Risk management is conducted by each MSF entity Board of Directors. Risks are assessed in collaboration with the operating units and any mitigation measure is decided and implemented under the regular supervision of each entity Board of Directors.

Foreign currency risk

No MSF entities use forward foreign exchange contracts to hedge the exposure to foreign exchange risks arising from significant internal transfers denominated in a different currency to the one in which the expenditure will be incurred.

Interest rate risk

There is no interest rate risk for MSF since all long-term loans are at fixed rates.

Credit risk

MSF prioritises the security of its cash and cash equivalents. Investments are generally held in liquid securities, and in banks of high credit rating. The receivables are mostly from States with a low credit risk. Other positions are not material, or are covered by provisions. Investments are allowed only in liquid securities and only with counterparties that have a high credit rating.

Liquidity risk

The income stream of MSF is unpredictable and volatile. The expenditure, while more predictable, is subject to unforeseen fluctuations due to unplanned emergencies. The liquidity risk arises from this mismatch of income and expenditure. It is managed through a policy of holding sufficient levels of reserves to safely cover working capital needs, provide a buffer and support our response to emergencies. The reserve levels are regularly monitored to minimise the liquidity risk.

2 NOTES TO THE STATEMENT OF FINANCIAL ACTIVITIES

2.1 INCOME

MSF's income comprises contributions from public generosity and public institutional bodies, as well as revenues from other activities. Private income is donated by individuals and private organisations (companies, trusts and foundations, and other non-profit organisations). Public institutional income represents grants (i.e. contributions based on contracts for specific projects), subsidies and donations received from or pledged directly by public institutional bodies, such as governments or agencies. Income from other activities is mainly from merchandising, equipment and services provided to other organisations, and financial transactions.

Restrictions

Income is considered as restricted only when subject to a donor-imposed restriction. Donors include all the external parties that contribute to MSF's resources. A donor-imposed restriction is a stipulation and limitation on the use of contributed assets or monetary donations. The restriction can relate to purpose (country, programme or activity), time or other specific wishes (e.g. vaccines). Funds received for 'emergencies' are treated as restricted if the emergency is explicitly specified by the donor or can be inferred from the circumstances, but are otherwise regarded as unrestricted, as the provision of emergency aid embodies MSF's mission.

Donations with donor-imposed restrictions are reported as restricted for their full amount. Restricted funds that have not been used at the end of the year are presented in a separate section of the balance sheet. Grants are reported as restricted income for the allowable expenses incurred in the current year.

Donations

Donations are based on non-reciprocal transfers of cash or other assets, or cancellation of liabilities. They are recognised as income upon receipt.

Grants

Grants, whether public or private, are recognised as income for the allowable expenses incurred in the current year. At year-end, the difference between the cash received and the cumulative expenses incurred is accounted for as grants receivable and deferred income.

In-kind donations and services

Occasionally, MSF receives donations in kind, primarily in the form of the free use of goods or services (drugs and medical equipment in the field, consultancies and travel miles in headquarters). These contributions in kind are not stated in the operating account, but an estimation of the value of these goods is presented below. The contributions are valued on the basis of the donation certificate or the contract entered into with the donor. The act of volunteering to work in MSF's humanitarian projects is not recorded in the accounts. This contribution represents one of the bases of the MSF Charter and principles. Under Swiss GAAP FER/RPC, in-kind donations of goods and services are not recognised as income in the Statement of Financial Activities, and are valued at the fair market value of the donation received.

The total value of the goods and services received in 2018 and 2017 is estimated as:

In-kind donations and services	6,208	4,103
Field programme expenses	3,981	2,056
Headquarters	2,227	2,047
	2018	2017

Legacies and bequests	235,234	227,007
Membership fees	147	168
Income from individuals	1,290,374	1,297,744

Legacies and bequests are accounted for at their best estimated amount when legally transferred to MSF.

		In thousands of €
	2018	2017
Companies	74,410	80,115
Trusts and foundations	56,319	56,782
Lottery and special events	33,882	31,857
Joint appeals	679	840
Other private institutions	4,187	3,728
Income from private institutions	169,477	173,322

2.1.2 PUBLIC INSTITUTIONAL INCOME

The table below presents the breakdown of donations and grants awarded by public institutional bodies. Funds are not accepted from governments or other parties who are directly involved in conflicts to which MSF is responding. In 2016 MSF decided to suspend funding from the EU, its member States and Norway in response to EU decisions on migration policy. The EU government income recorded in 2017 was the remainder of grants or donations made prior to the suspension, which remains in force.

	In thousand

TOTAL AFTER OVERHEADS ALLOCATION	208,126	80,908	289,034		1,608,267	1,616,365

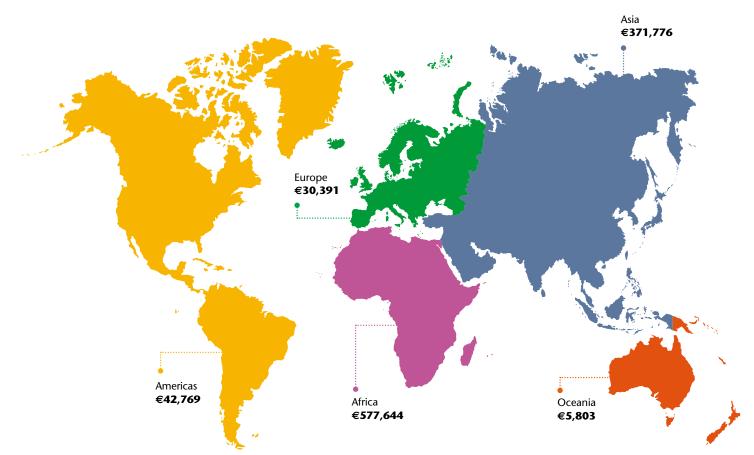

Expenses are allocated according to the full cost method. The principle of the full cost method is to collate under each expense category not only the direct costs that are specifically associated with it (direct allowable costs), but also an apportionment of the indirect costs (overheads). Therefore, all expenditure categories include salaries, direct costs and allocated overheads (e.g. building costs and depreciation).

Overheads correspond to expenses which are required to operate general organisational functions, and which cannot be directly attributed to any other cost category.

Programme expenses represent expenses incurred in the field or by the headquarters on behalf of the field, as well as grants/donations awarded/given to other organisations.

Transversal expenses are composed of transversal programmes such as Mediterranean Sea Operations representing 2,735 thousand euros and other transversal and unallocated activities.

2.2.4 PROGRAMME SUPPORT

Programme support relates to expenses incurred in headquarters and regional offices in order to carry out MSF humanitarian operations (e.g. project design, monitoring and evaluation, recruitment of international staff, activities designed to improve the quality and the effectiveness of MSF operations).

2.2.5 AWARENESS-RAISING AND ACCESS CAMPAIGN

Awareness-raising activities comprise expenses incurred by MSF in an educational manner in furtherance of its social mission. They represent the situations where MSF acts as a witness and speaks out about the plight of the populations it serves through mobilisation of the international community and by issuing information publicly in order to stir up indignation, put pressure on responsible actors and stimulate action.

MSF's Access Campaign is made up of a team of medical, legal, policy and communications specialists. It pushes to lower the prices of existing drugs, vaccines and diagnostic tests; to stimulate research and development into new treatments for diseases that primarily affect the poor; and to overcome other barriers that prevent patients getting the treatment they need.

	In thousands of €		
	2018	2017	
Awareness-raising	40,786	40,350	
Access Campaign	5,734	5,910	
Total	46,520	46,259	

2.2.6 OTHER HUMANITARIAN ACTIVITIES

The other humanitarian activities consist primarily of the cost of the goods sold and services provided to other organisations, as well as MSF's contribution to the Drugs for Neglected Disease initiative (DNDi, see Note 5.1).

2.2.7 FUNDRAISING

Fundraising expenses represent the costs incurred for raising funds from all possible sources of income, be they private or public institutional.

2.2.8 MANAGEMENT AND GENERAL ADMINISTRATION

Management and general administration consists primarily of expenses associated with executive management, headquarters finance and human resources management, internal communication and the associative life of the organisation.

2.2.9 NET EXCHANGE GAINS/LOSSES UNREALISED AND REALISED

Net realised exchange gains/losses represent the gains/losses generated from foreign currency transactions entered into during the year by the various offices. Net unrealised gains/losses represents the gains/losses resulting from the revaluation of balance sheet items of reporting entities that are not expressed in their functional currency.

2.3 EXCEPTIONAL ACTIVITIES

Exceptional activities represent income and expenses not related to operating or financial activities. In 2018, they exclusively relate to the sale of the main headquarters building in Paris. Extraordinary income refers to the sale price, while extraordinary expenses refer to the write-off of the net book value.

	In thousands		
	2018	2017	
Proceeds on disposal of fixed assets	33,000	3	
Extraordinary expenses	-3,125	-	
Surplus from exceptional activities	29,875	3	

3 NOTES TO THE STATEMENT OF FINANCIAL POSITION

3.1 CASH AND EQUIVALENTS

3.1 GASH AND EQUIVALENTS			
	2018	2017	
Short-term deposits	302,792	364,369	
Cash at headquarters	347,467	398,689	
Cash in the field	75,793	76,523	
Cash and cash equivalents	726,052	839,580	

MSF considers short-term deposits, cash at headquarters and cash in the field as cash and cash equivalents. Amounts are valued at fair value with any resulting gains or losses recognised in the Statement of Financial Activities.

3.2 INVENTORIES				In thousands of €
	Gross value	Provision	2018	2017
Medical and non-medical relief goods	56,225	-2,631	53,594	56,741
Other inventories	4,975	-	4,975	5,147
Inventories	61,200	-2,631	58,569	61,888

Inventories held at headquarters and by satellites are recorded at the weighted average of the purchase price, which is below the selling price. All goods and materials present in the field are recognised as expenses when transferred from the headquarters and satellites to the field, or when bought locally, because of the fast turnover and their non-commercial destination. Appropriate inventory provisions are recorded based on stock usage, expiry date and any damage.

3.3 GRANTS RECEIVABLE

	Gross value Prov	vision	2018	2017
Grants receivable from private donors	19,480	-	19,480	3,099
Grants receivable from public institutions	22,308	-	22,308	25,376
European governments	12,575	-	12,575	5,982
American governments	-	-	-	1,330
UN institutions	14	-	14	-
Other public institutions	9,719	-	9,719	18,064
Grants receivable	41,787	-	41,787	28,475

Grants receivable correspond to funds owed to MSF by third parties according to a formal agreement. They result from the differences between the total amount of the grant and the funds received for each of these agreements.

3.4 CONTRIBUTIONS RECEIVABLE

At 31 December 2018, the outstanding amount represents 52,722 thousand euros (2017: 48,554 thousand euros) and is expected to be received within the following year.

Contributions receivable include donations sent by donors before year-end for which the corresponding cash has been collected by MSF in the month following year-end. They are accounted for at their cost net of impairment.

There is no provision for contributions receivable stated at 31 December 2018.

In thousands of €

3.5 OTHER RECEIVABLES

Other receivables mainly relate to services provided and goods sold to other organisations as well as to property received from legacies and bequests not sold yet. At 31 December 2018, the outstanding amounts represent 89,909 thousand euros (2017: 73,173 thousand euros).

Legacies and bequests are accounted at their best-estimated value, when legally transferred to MSF.

There is no provision for other receivables stated at 31 December 2018.

3.6 FINANCIAL ASSETS

		In thousand		
	Gross value	Provision	2018	2017
Loans	-	-	-	399
Long-term investments	32,406	-7	32,398	31,602
Other financial assets	7,867	-87	7,780	5,216
Financial assets	40,273	-94	40,178	37,217

Financial assets are stated at acquisition cost less impairment. Changes in the value of long-term investments are recorded in the Statement of Financial Position.

3.7 INTANGIBLE ASSETS, PROPERTY, PLANT AND EQUIPMENT

Intangible assets are mainly composed of software and licenses. Property, plant and equipment (PPE) are mainly composed of the head offices of some entities.

In thousands of \in

	Net value 2017	Additions	Disposals	Depreciation and amortisation	Foreign exchange gain / loss	Reclass- ification	Net value 2018

Property, plant and equipment	183,142	46,392	-788	-15,793	-6,605	-16	206,333
Total intangible assets and PPE	195,402	54,078	-1,517	-20,376	-6,963	-17	220,606

The intangible assets, property, plant and equipment held by MSF are considered to be fixed assets when they are held to be used for the activity, or for administrative purposes, and when they are expected to be used over more than one year.

Intangible assets are recorded at cost (or historical value), net of accumulated amortisation and impairment losses. They are amortised on a straight-line basis over their estimated useful lives.

Property, plant and equipment are recorded at their acquisition cost, including incidental expenses. They are depreciated using the straight-line method over their estimated useful lives, using the component approach. Land is not depreciated.

All assets are depreciated following the linear method. The depreciation length varies according to the type of asset and depending on the country:

- 2 to 10 years for the intangible assets,
- 20 to 50 years for the buildings,
- 5 to 15 years for the fixtures,
- 3 to 25 years for the furniture,
- 2 to 15 years for the computers
- 3 to 5 years for machinery & equipment, and
- 3 to 10 years for other tangible assets.

The acquisition cost of fixed assets used in the field for programme purposes, such as vehicles and medical and communication equipment, is expensed upon shipment to the field, or upon purchase if purchased locally. This can be justified due to the instability of the contexts in which MSF operates and the difficulty in determining, in a reliable way, their useful life and residual value. When an MSF section leaves a country, the remaining equipment is generally donated to the Ministry of Health of the country or another non-governmental organisation still present in the country, and thus does not generate any future economic benefit for MSF.

Assets acquired under long-term finance leases are capitalised and recorded in the Statement of Financial Position. They are depreciated over the estimated useful lives of the assets. The associated obligations are included in financial debts.

MSF owned 209 million euros of buildings (including those under construction) and land at 31 December 2018. Such assets aim at optimising the running costs of the organisation (lowering rental costs), at diversifying the reserves, and therefore at mitigating the monetary, foreign exchange and bank default risks.

Among the tangible assets at 31 December 2018, the net value of the capitalised leased assets stands at 156 thousand euros, and of capitalised lease obligations at 389 thousand euros (2017: 125 thousand and 5,367 thousand euros, respectively). The total reimbursements for the current year amount to zero euros, and the rent expenses also amount to zero euros (2017: 500 thousand and 639 thousand euros, respectively).

For the details on Capitalised lease obligations, refer to Note 3.11 - Financial debts.

3.8 DEFERRED INCOME

		In thousands of €
	2018	2017
Deferred income on public institutional grants - Current	7,874	6,927
Deferred income on private grants - Current	8,249	1,821
Other deferred income - Current	1,469	18
Gross value of investment subsidies - Current	3,096	3,136
Deferred income - Current	20,688	11,902
Deferred income on public institutional grants - Non-current	7,155	-
Deferred income on private grants - Non-current	7,011	-
Deferred income - Non-current	14,166	-
Deferred income - TOTAL	34,854	11,902

Deferred income is the unspent restricted income received from public institutional and private grants that will be used in the future years. These outstanding granted amounts at the accounting closure are recognised in the balance sheet. They are disclosed under short-term liabilities for those that will be spent in less than 1 year, and long-term liabilities for those exceeding 12 months after the accounting year end.

3.9 ACCOUNTS PAYABLE AND ACCRUED EXPENSES

The details of the accounts payable and accrued expenses, including short-term and long-term split are disclosed below:

	Current		Non-current		Total	
	2018	2017	2018	2017	2018	2017
Accounts payable and accruals	74,530	73,921	49	62	74,579	73,983
Employee benefits	48,948	42,677	137	125	49,086	42,802
Employer social security taxes	9,916	9,673	-	-	9,916	9,673
Other liabilities	23,809	19,456	173	182	23,982	19,638
Accounts payable and accrued expenses	157,203	145,726	359	369	157,562	146,096

Accounts payable and accrued expenses are composed of amounts owed to suppliers, employees and tax authorities, and of grants payable to external organisations.

Trade accounts payable to suppliers are recorded on an invoice basis when the invoices are received by the time of preparation of the financial statements. Accrued expenses are valued at the best estimate if no invoice is received later. When there is insufficient information available to evaluate the amount of any financial impact at year end, staff costs and litigation in the field are recorded on a cash basis. Accruals for paid vacation of local field staff have been recorded only by some operational offices as at 31 December 2018, as complete information was not available at year-end. Grants payable and other debts are accounted for at their par value.

3.10 PENSION PLANS

In thousands of €

In thousands of €

Economical benefit / economical obligation and pension benefit expenses	Contributions concerning the period	Pension benefit expenses (within personnel expenses)		Capital ratio	
	2018	2018	2017	2018	2017
Pension institutions with surplus	5,166	4,553	4,556	103%	112%
TOTAL	5,166	4,553	4,556	103%	112%

The nature of pension plans for headquarters and international employees depends on the normal custom for the contracting country of the employee. Pension obligations are usually covered by a plan with an independent organisation. Contributions to a plan are recognised as an expense in the Statement of Financial Activities in the year in which they are incurred. MSF International and MSF Switzerland employees benefit from a scheme covering retirement, invalidity pension, and death according to the provisions of the Federal Law for occupational retirement (LOB). The occupational benefits are provided by a collective foundation, Profond, according to a benefit plan: investment yield has no impact on premiums; the employee does not guarantee the benefit amount. The Plan is funded by the contributions of MSF International and the employees. The plan covers the usual occupational benefits: retirement and invalidity pension, and death benefits. Risks are insured by the collective Foundation.

The surplus is not recognised in the Statement of Financial Position.

In thousands of €

3.11 FINANCIAL DEBTS

Financial debts - Non-current	58,698	79,279
Non-current capitalised lease obligation	4,511	5,367
Non-current borrowings and loans	54,187	73,913
Financial debts - Current	3,502	1,944
Current capitalised lease obligation	389	-
Current borrowings and loans	3,113	1,944
	2018	2017
		In thousands of $ otin$

Financial debts are recorded at par value.

External borrowings and loans have been used to finance the building purchases and are not capitalised in the tangible assets.

3.12 PROVISIONS

The following table shows the changes in provisions over the year:

	2017	Additional provisions	Amounts used	Unused amounts reversed	Foreign exchange gain/loss	Reclass- ification	2018

	2016	Additional provisions	Amounts used	Unused amounts reversed	Foreign exchange gain/loss	Reclass- ification	2017
Provisions for taxes	3,928	10,986	-53	-	-542	-1,007	9,540
Provisions for staff retirement plans	1,332	56	-70	-	-1	244	299
Provisions for project closure planned at year-end	2,129	3,236	-2,771	-	-25	635	3,203
Provisions related to lawsuits	2,546	3,368	-2,368	-1,345	-13	1,731	3,919
Other provisions	8,954	1,919	-3,755	-572	-69	-1,950	9,560
Total provisions	18,889	19,565	-9,018	-1,917	-650	-347	26,520

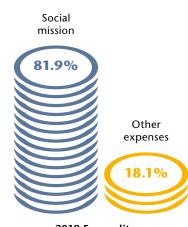

Provisions are valued at best estimate when MSF has a legal or constructive obligation as the result of a past event, and if it is probable that an outflow of assets will be required to settle the provision.

Changes in provisions are recognised in the Statement of Financial Activities.

5 OTHER INFORMATION

5.1 OFF-BALANCE SHEET COMMITMENTS

5.1 OFF-BALANCE SHEET COMMITMENTS		In thousands of $ otin$
	2018	2017
- Guarantees given	3,067	2,588
Rental contracts for office buildings	5,964	10,070
Other off-balance sheet commitments given	4,424	2,494
Warranty to secure debt	31,452	-
DNDi	4,000	4,000
Other off-balance sheet commitments	48,907	19,152

Warranty to secure debt corresponds to the warranty of a real estate loan on organisational capital.

MSF participated in the establishment of the Drugs for Neglected Diseases initiative (DNDi) with six other organisations: five public sector institutions - the Oswaldo Cruz Foundation from Brazil, the Indian Council for Medical Research, the Kenya Medical Research Institute, the Ministry of Health of Malaysia and France's Pasteur Institute - and one international research organisation, the Special Programme for Research and Training in Tropical Diseases (TDR), which is a permanent observer to the initiative.

DNDi became a legal entity in July 2003 and MSF was one of the founding partners. MSF's objective in its involvement in the creation of DNDi was to help create a research and development initiative for neglected diseases, which in time would be self-financing and in a position to work independently of MSF. Accordingly, MSF initially committed itself to be involved for five years. A subsequent period of support was agreed until 2014. In 2018, the IGA decided to continue the support and commitment towards DNDi at the level of 4 million euros per year until 2023.

5.2 CONTINGENT ASSETS

Contingent assets (assets where no sufficient reliable estimate is possible) in MSF consist mainly in legacies and bequests expected at year end but not yet legally transferred. Their best estimate value is 21,403 thousand euros in 2018 and 10,990 thousand euros in 2017.

5.3 SUBSEQUENT EVENTS

There are no subsequent events to report.

5.4.4.2 REMUNERATION OF INTERNATIONAL DIRECTORS AND MANAGERS

	2018	2017
International President	151	155
Other International Board members	272	267
Executive Management - Secretary General & Executive Directors	315	327

Additional remuneration of 46,800 euros was paid to equalise the after tax remuneration of the International President, who remains tax resident in Canada (Canadian income tax rates are significantly higher than Swiss income tax rates). The additional remuneration relates only to the difference between Canadian income tax and Swiss income tax and provides the same after tax salary as if the International President were tax resident in Switzerland.

The President, Vice President and other directly elected members of the International Board are elected for a three year term of office. Members of the International Board are eligible to serve a maximum of two consecutive terms.

*Transversal activities are activities covering more than one country not accounted for in individual country programmes.

ABOUT THIS REPORT

Editors

Marisol Gajardo, Senior International Finance Officer, with Claudia Vecchiarelli, MSF Italy Head of Finances, Isabelle Schiltz, MSF International Finance Manager, Gabriel Lebailly, International Financial Information Systems Manager, and Arnaud Levery, International Finance Coordinator

Editorial support

Catherine Wilson, International Communications Editor

Special thanks to

All finance directors, accounting managers and other finance staff who contributed data and information to make the production of these combined Financial Statements possible.

Graphic design and artwork

ACW, London, UK www.acw.uk.com

Médecins Sans Frontières (MSF) is an international, independent, medical humanitarian organisation that delivers emergency aid to people affected by armed conflict, epidemics, exclusion from healthcare and natural disasters. MSF offers assistance to people based on need and irrespective of race, religion, gender or political affiliation.
